9M Highlights of the period

Europe

- Region sales have dropped 1.8% in 9M 2009, compared to those from 9M 2008. This is due to:
- Slight deterioration of volumes in Spain, not significant in any of the particular businesses
- Good performance in Portugal and France, which includes the positive effect of Valtis acquisition
- Revenues maintenanœ in Romania by € 6.7 million
- Overall, margins have been stable in all countries across the region

at Am

- Even after the strong negative impact of the exchange rates in Brazil Argentina, Chile and Colombia, the region has achieved a double-digit growth in sales
- The acquisitions of Norsergel in Brazil and Orus in Peru (both consolidating since 1st July 2009) have had a positive impact both at the sales level and EBIT contribution
- 9M 2009 margins have shown a slight deterioration in the region. The higher tumover of business in Mexico has been accompanied by higher negative results
